Pies. Apparently...

That's what we're turning to in these dark-national-debt days. We're eating about 30% more of them, so I read the other day.

I have to admit I like a pie. Albeit, apple or steak. Hey, mix them together I'll eat it. It seems it doesn't matter what the contents are, pies hit that all-important comfort zone.

So it seems to be with Speed Freaks as well. No matter what the subject, you eat them up! Be it old English retro, American hot rod, full-on modern road racers, four wheels, two...every car manufactured between 1903 and 2011. You want it turned into a Speed Freak!

The cars I get asked to sculpt simply amazes me. I'm aware everyone loves what they've got tucked away in their garage, but come on guys...a 1983 Fastback Granada? Or a 1944 Tiger Tank? Some subjects just don't sit too well in the Speed Freaks collection. In saying that the collection can't get much more diverse than it currently is, if you take a look at this new brochure, we have two new modern 'crotch rocket' racers in the coming soon section, not to mention cars like 'Time Machine'. Most of the new stuff has a familiar race track link to it. Plus all sorts of other new stuff tucked away on the pages near the back: posters, mugs, etc.

Keep your eyes peeled for the new stuff, in the shops soon. As for the next stuff after the new coming soon stuff...think Plod! Oh, and work mates you'll find working in the garage with Solvent Sid!

Now...where's that nice gooseberry and banana pie gone?

TERRY ROSS, AUTOMOTIVE SCULPTOR & CREATOR OF SPEED FREAKS™
