# BACK FROM THE FUTURE

*Imagine the scene: Toy Collectors' Fair, Sandown Park, July. The year: 2992...*

*'It's a rare one that, originally released in 2007, I think,' says the trader at the toy fair as he passes the box onto the interested collector.*

*'You don't get to see that one too often at the toy fairs. I try my hardest to get my hands on more of the **Speed Freaks** collection that were sold at the turn of the century, but most collectors hang on to them. They know their worth.'*

*'Mind if I take a look?' the collector asks; 'Be my guest,' replies the trader, 'but please be careful, I'm sure you are aware of its worth?'*

Slowly and carefully, the interested collector takes the old Anglia out of the box.

*'Aw, it's the blue one! If only it had been the pale yellow one. It's the yellow one I'm after to add to my collection.'*

*'A yellow one?' cries the trader, 'You're having a laugh! We'd all love the yellow one. That was the very first Speed Freak! Have you any idea what a yellow one goes for at auction these days?'*

Best start that **Speed Freaks** collection now, then...
